

Original 1987 Bally Dungeons & Dragons Backglass Art Proof-Signed! - pinballace e-bay #323430295720

Original Backglass Art Proof For Dungeons and Dragons Pinball.
Signed by Famed D & D Artist Larry Elmore

Another true one of a kind pieces from the Bally/Midway pinball archives.
This is the one and only original art proof made for the backglass of the 1987 Bally/Midway
Dungeons & Dragons pinball. It is signed by the artist himself Larry Elmore.

The way Elmore explained the process worked for the backglass artwork was he created the artwork
and supplied Bally/Midway with the "films".
This proof print was created from the films to create the size ratio for the backglass.
Later Bally artist Pat McMahon added border art to complete the backglass artwork.

THIS IS NOT A POSTER. This proof is on Kodak photo paper. It is full scale. Measures approx. 22"x26".

A really cool piece for the gameroom.

The proof is in good condition. It's not perfect as it does have some "creases" from handling and
some signs of age (we try to show them in the photo's) The left side has an uneven cut.
